

PRESS RELEASE

TANTUM Barstool with steps at different levels

vitamin design has received further award from the world-renowned design prize iF DESIGN AWARD. The winning product, Barstool TANTUM, won in the discipline product, in the home furniture and decoration. Each year, the world's oldest independent design organization, Hannover-based iF International Forum Design GmbH, organizes the iF DESIGN AWARD.

Barstool TANTUM won over the 132-member jury, made up of independent experts from all over the world, with its steps at different levels. The competition was intense: almost 11,000 entries were submitted from 57 countries in hopes of receiving the seal of quality.

TANTUM - barstool with steps at different levels. The slender shape of the four slightly tilted legs provide stability combined with a comfortable seating experience. The solid wood is very pleasant to the feet and legs with its warm characteristics. Great for elevated seating at home or public spaces. The slanted legs give extra comfort to rest your legs on the different levelled footrests. Ideal for people of all heights and children to find comfortable seating. Available in natural treated solid wood: ash, beech, core beech, cherry, maple, oak, knotty oak, walnut, knotty walnut.

Design: GG DESIGNART

About the iF DESIGN AWARD

Since 1954, the iF DESIGN AWARD has been recognized as an arbiter of quality for excellent design. The iF Design brand is renowned worldwide for outstanding design services, and the iF DESIGN AWARD is one of the most important design prizes in the world. It honors design achievements in all disciplines: product, packaging, communication and service design, architecture and interior architecture as well as professional concept, user experience (UX) and user interface (UI). All award-winning entries are featured on www.ifdesign.com and published in the iF Design App.
