Table LOTUS

Pure elegance, purity and architectural strength.

The authentic look gives the table LOTUS a strong expression – ideal for modern living spaces. The prominent frame and the extraordinary sloping table top are characteristic features, giving the table lightness at the same time robustness with high recognition value.

Available in all solid wood types from vitamin design collection: European oak and knotted oak, ash, beech, core beech, American maple, walnut and cherry wood, treated with herbal oil.

RHOMBI-Butterfly lightness and refinement

Further development of the award-winning table Rhombi - selectable frame design, aluminium or wood veneer. Moving table top with folding butterfly leaf hidden inside. The solid table top slightly tapered towards the bottom in combination with tilted rhombic legs gives the table excitement and originality. With folding butterfly leaf hidden inside, one-handed operation technology let's you reach a maximum length of 320 cm.

The table top extends on both sides and the position of legs always remains unchanged. Spacious legroom is ensured in every position.

The model RHOMBI can be supplied in the following wood types: European oak and knotted oak, ash, beech, core beech, American maple, walnut and cherry wood, treated with herbal oil.

Table MARGO
well-balanced bearing structure

The evolution of the multiple award-winning table MARGO iF Design Award, ICONIC AWARDS 2017 und German Design Award 2017.

At first glance the graphic quality of the table's modern form appears. The structural elements are defined by clarity of line. The awarded design elements have been refined with a clear, minimalistic round or square table top made of solid wood or linoleum, completing the graphical expression. The edge profile is made by individual choice with straight or chamfered edge.

Available in all linoleum and solid wood types from vitamin design collection: European oak and knotted oak, ash, beech, core beech, American maple, walnut and cherry wood, treated with herbal oil.

AMBIO

Contemporary archetypical form with confident character

The rounded table top form combined with back-turning, slimming legs builds a harmonic unity. The table Ambio appeals unique and distinct not only in round, but also in oblong shape.

Coffee table, stool and storage furniture have a unique form, they complement the AMBIO series brilliantly. The elegant leg form lends easiness and airiness to the storage furniture while the internal space is purposefully designed and offers generous storage. Customizable door panels in solid wood or glas gives the furniture an individual touch. Ambio fuses a harmonic and easy optics with the expedience of the furniture. The appearance and highly qualitative workmanship makes this furniture collection to an absolute eye catcher in your home.

The table Ambio had a harmonic modern appeal with a diagonal crossing frame, combined with a rounded form and the tapering legs on the international jury that bestowed the table with ICONIC AWARDS 2018: Innovative Interior Winner.

Available in all solid wood types from vitamin design collection: European oak and knotted oak, ash, beech, core beech, American maple, walnut and cherry wood, treated with herbal oil.

CREO

The unmistakable visual quality

The round solid wood form has a warm appeal and is ideal for a great dining experience with your family and friends. The central pillar with its trapezoid geometry is visually pleasing and offers lots of leg room. The clear lines convey elegance. On the 160 or 180 cm diameter solid wood table top is a Lazy Susan rotating tray with its decorative and functional design.

The design concept convinced the experts of the German Design Council for "German Design Award 2018: Winner" in the category "Excellent Product Design"

Statement of the jury: The distinctive characteristic on the CREO table is its trapezoid-shaped underframe which not only provides plenty of leg room and stability, but also lends the elegant table an unmistakable visual quality.

Available in all solid wood types from vitamin design collection: European oak and knotted oak, ash, beech, core beech, American maple, walnut and cherry wood, treated with herbal oil.
